

Events. Fundraising. Done right.

who we are

LR Events understands the complexity and opportunities of events and leverages its expertise, know-how and management process to deliver best-in-class events. We bring a depth of knowledge, skill, dynamic thinking and creativity to planning and executing your event, from corporate events to galas, conferences, auctions, virtual fundraising events, annual meetings, sponsorship packages and much more.

what we do

We are Creative

We work with clients to create a concept and consistent theme that is carried forward from beginning to end.

We are Project Managers

We don't just plan - we build, manage, and execute every detail with precision, ensuring every piece of the event puzzle fits flawlessly.

We are Knowledgeable on Multiple Platforms

We are software savvy and knowledgeable on multiple platforms; this includes website and registration development, mobile bidding, credit card swiping, live and silent auctions, live donation pleas and for-sale items. We streamline the gathering of information.

We are on the Frontlines

Whether behind the scenes or on the frontlines, we ensure all pieces fit together seamlessly from both a logistic and creative point of view so that the end product comes together in a seemingly effortless fashion.

how we work

Our team of subject matter experts works in collaboration with our clients, their boards, their teams and committees, sponsors, donors, members, volunteers and our large network of vendors to deliver the best possible outcome.
